*“This is the time.  
This is the top of  
the hill, when the  
beautiful blue  
marble can roll  
either way. This  
is what a tipping  
point looks like.  
We’re there.”*

**Kathleen Dean Moore** is an inspiring speaker, writer and moral philosopher, best known for her award-winning books of essays that celebrate the wild world. Her growing alarm at the devastation of the planet has led her to focus on the moral urgency of action against climate change. Her new book is the funny and ferocious *Piano Tide*.
